PROGRAMME OUTCOME

The TOP-UP BSc in Computer Science is designed for diploma holders who wish to upgrade to a full bachelor's degree. This programme equips learners with advanced computing knowledge, programming skills, and practical expertise to develop software, manage IT systems, and solve real-world technology challenges, preparing them for professional, corporate, and entrepreneurial roles in the IT industry.

- **Apply core computer science principles to solve real-world problems.**
- **Design, develop, and implement software applications and systems.**
- **Analyze and manage data using modern tools and technologies.**
- **Apply programming, algorithms, and database management skills effectively.**
- **Demonstrate knowledge in networking, cybersecurity, and cloud computing.**
- **Solve technical problems using analytical and computational thinking.**
- **Work with digital tools, emerging technologies, and IT innovations.**
- **Manage projects, teams, and IT resources efficiently.**
- **Exhibit ethical, professional, and socially responsible behavior.**
- **Communicate effectively and collaborate in multidisciplinary teams.**

This practical and career-oriented degree enables graduates to confidently develop software, manage IT systems, solve real-world technology challenges, and perform successfully in professional, corporate, and entrepreneurial IT environments.
